

“NOTICE TO BE POSTED BY DISPATCH DESK”

VOLUNTEERS AT WORK- INDIAN BROOK STREAMWALK

The Town of Ossining Environmental Advisory Committee is sponsoring a Streamwalk to help assess the environmental conditions of streams in the Indian Brook Watershed. Local volunteers will be walking streams throughout the Town and Village of Ossining, the Town of New Castle, and the Town of Cortlandt this summer. This is part of a watershed initiative being undertaken by the Indian Brook Watershed municipalities, the Westchester County Department of Planning and the Westchester County Soil and Water Conservation District.

Volunteers will identify themselves as part of the Indian Brook Streamwalk and will be carrying educational information for town residents.

If you have questions, please feel free to contact a representative listed below.

CONTACTS:

Town of Ossining

Westchester County Sabrina Charney, Deputy Watermaster (914) 995-2445
